

How can you help?

Is there something you are really good at? Are you gifted in a certain area? Or do you have a degree that you have a passion for? How might your strengths help make this year at MBA a fantastic one?!

To have a successful school year and to build up this community around our children it is a "all hands-on deck" type of experience! This shows our children that we are invested in them and shows them to work with a servant's heart. Here at MBA, there is no "my child" and "your child" ... we want to foster the "it takes a village" atmosphere – we help each of the kids as if they are our own. Part of being a member of MBA is wanting to both receive and give to our small homeschool community/group.

Below are some areas as a way to jump start thinking about the areas you may want to serve... not everything is listed or there may be subjects we don't choose to do... and there may be other ways you can help! Some of these areas may need more than one person to lead and it may be possible you are interested in more than one position. It takes all types to keep the ship afloat and we value every person in our group!

Please note that in this list we don't have "teachers" as teachers are the parents! I have them listed as "leaders" who are going to lead the subject on the day of co-op... for the parents to continue at home!

- Nursery
- Presentation/public speaking Leader
- PE Coach/Leader
- Math Time Helper/Leader
- Event Coordinator (field trips and social opportunities)
- Foreign Language Leader (i.e., ASL, Spanish, etc.)
- Set-Up (at the start of the day before co-op)
- Clean-Up (at the end of the day after co-op)
- Email Coordinator
- English Leader
- Science Leader
- Art Leader
- Subject (not listed) Leader
- Substitute Leaders
- Administration
- Yearbook (?! ...and oversee capturing photos and filling albums each week)
- 4H Club Leader (or other club ideas are welcome!)

... remember, this is just the start! There are so many ways we can use you! Let us know!
